HIGH LIGHTS OF THE A.N.A. PHILA. CONVENTION

THE CRISWELL BROTHERS of Pass-A-Grille, Florida are shown in their booth which was in the center of the hall. After many letters of correspondence it was a pleasure to meet and speak to them in person. A new interest has delighted the many collectors of the Confederate and Southern States currency. This is the Criswell's first edition, Vol. 1, the currency series which is now on the market. This book is neatly bound and well illustrated with photos of these early bills. They have mentioned they will send up photo cuts with a by line to illustrate some of the rare and interesting bills, this coming year.

THE EDITORS MEET AT A.N.A. PHILA. CONVENTION

This photo showing (yours truly) right of photo and **CHESTER KRAUSE** publishing editor of the (Numismatic News) meet for the first time. We spent a few hours of pleasant conversation of the publishing and numismatics hobby.

JACK W. NANNERY representative for the "Newark Coin Club" took the photo.

JAMES INCORPORATED is shown in their booth checking their customers want list, I was pleased to meet and speak with Mr. Lewis and David Karp the President and Vice President of this Corporation. Among the many scarce coins and currency they had on hand, there were a quantity of Gold coins and a stock of So-Called Halves. Each year James Incorp. puts out a large auction sale catalogue. They now have their own building the (James Bldg.) at 105 W. Main St., Louisville, Ky.

BROWN'S COINS-STAMPS of Okla. City, Oklahoma is shown in his booth in the background.

BOB MC AUSLAND prominent rare and early coin dealer is shown discussing a purchase with some of his customers. Bob resides in Caldwell, N. J. he usually has a table at the many conventions, his specialty is (Early American). The past few years Bob has been Associated, with (Associated Coin Co.) and have put on an Auction Sale at the "Essex House Hotel" here in Newark, the response and sales have been successful. We are looking forward to the next one, which will be announced at a later date.

FROM THE EDITOR'S DESK

Attending the A.N.A. Convention I found all in attendence enjoying themselves, the exhibits and dealer bourse tables displayed some of the outstanding material available in the numismatic field.

For those of you who have missed this grand event, here is your editors views. Leaving Newark, at noon friday I drove some 80 miles to Phila. arriving at the Hotel Sheraton registering desk at 3 p.m., the committee was very helpful with information and directions. At this point it was a pleasure to meet LEWIS REAGAN A.N.A. (Sec.) entering the hall I noted the bourse table booths were of yellow cloth and people milling around. The thought occurred to me, it is wonderful to meet collectors-dealers from all parts of the country, and to those you have corresponded to for years and now meet them for the first time in person. CHARLES SEAMAN of Maine, was the first of our readers to walk up and introduce himself. Another was Ted Rodgers of Ohio, and many others whose names slipped my mind. The first booth I stopped at was Harry Forman of Phila. who was doing a brisk business. Milling around I inspected the wares and I would introduce myself to the dealers many I knew and others my first acquaintance. Having my flash camera with me I photographed some of the dealers doing business as you will note on the front page.

On hand were **Harold Klein** A.N.A. Treasurer and **R. S. Yeoman** author of the (Red) guide book and other reference books, it was a pleasure meeting them. I asked Mr. Yeoman if the 1955 double shift cent would ever get a listing in the guide book? His reply was if the demand and popularity were there it would. **Neil Certain** of Indiana had his table loaded with scarce and rare material, Mr. Certain also had his "Black Caps" which he has introduced to the market. They are tubular plastic containers with a Black screw cap, which are good for storing rolls of coins. Continuing on I visited the display cases, the rarest and unique items were on hand, **Cardinal Spellman's** collection, Amon Carter Jr's. currency collection which contained some 24 Lazy 2 bills plus early notes of rare $1. 2. 500. 1,000 bills., Harold Bareford's 1804 silver dollar, known as the (Dexter) dollar it was well struck with a proof finish. McDermott had his 1913 Liberty nickel, 1915 Lincoln cent struck in gold, plus a set of fractional currency of which they were uniquely redesigned. The Portrait of William Meredith were skillfully made into figures of some 100 characters such as Baseball player, Jockey, etc. Aaron Feldman of N. Y. had a rare Proof Bank currency bill pattern set. The mint error display was also a sight, with many unique and rare items, a Buffalo nickel struck in copper, double strikes, off centered pieces and off metal singles.

Among other dealers of rare coins on hand with their booths were: LEO YOUNG of CALIF., BOB JAMESON of OHIO, M. L. KAPLAN of N. Y., SOL KAPLAN of OHIO, T. KEMM of N.Y., J. P. KELLER of N. J., MIAMI RARE COIN CO. of FLA., NICOLETTI and VOIGHT of N. Y., W. PUKALL of N. J., T. L. SCHNUR of N. Y., M. STORCK of MAINE, R. SCHERMERHORN of TEXAS, TRIPLE CITIES and TOM WASS of N. Y., ABBOTT HOBBIES of FLA., H. CHRISTENSEN of N. J., and RICHARD PICKER of N. Y. Plus the many other dealers.

I urge all collectors who haven't attended a convention to do so, as a lot of enjoyment and knowledge can be had. There are many conventions each year through the country, our list are in these pages each month.

The M.A.N.A. (Middle Atlantic Numismatic Association) is having their convention the Fifth, at the Charlotte Hotel, Charlotte, N. C. This event is expected to be one of the best in years. It is the first time a Numismatic event will be held so far South. The date is Oct. 25-27, 1957. For other information write to **Eldridge G. Jones (Sec.) Box 6266, Washington, D. C.**

Nationwide Coins an association formed 6 months ago, has put out a six page bulletin in Sept. and has grown very rapidly. This bulletin is free to members, in our July issue they offered free 1957 proof set to new members plus other benefits for the enrollment of $3.50. Presently they are putting on a new membership drive and offer a free sample of their bulletin and particulars to any one interested. A glance of their bulletin, reveals many free services, package deals, future sales and other features. Their aim seems to be "helping the members save money in coin buys". The Director is A. J. Vetere, 1274 East 93rd St., Brooklyn 36, N. Y.

GRADING STANDARD

PROOF—Coin, a mirror-like finish, especially struck for collectors on polished metal blanks and struck by slower hydraulic press to obtain best feature lines.

UNCIRCULATED—Made for general circulation when minted but never reaches circulation. Has a mint lustre, no scratches, rubbings or mars.

EXTRA FINE & A. U.—about same. Coin is about uncirculated, slightly worn on high points and may have some mint lustre.

V. FINE—Has been circulated but all features and lettering are sharp.

FINE—Has all features and lettering but not sharp. Liberty is readable.

V. G.—Has border rims most features and lines visible. Part of Liberty visible.

GOOD—All features and lines worn but visable.

FAIR—Considerably worn.

POOR—Considerably worn smooth, or corroded, good only as space filler.

This grading is used only as a guide to help you and is a general medium used by all dealers and collectors in the Numismatic field.

POINTS TO LOOK FOR ON SOME POPULAR COINS.

1 CENT LINCOLN: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

5 CENT LIBERTY: E Pluribus Unum is legible on coins graded good, clear on coins graded very good. One graded fine should have full liberty.

5 CENT BUFFALO: On a good coin edge of word Liberty may be slightly worn, but on one graded very good the word Liberty is clear and one-half of horn shows, a fine coin should have nearly a full horn, and coin classed as very fine has full horn and tail shows on hip.

10 CENT MERCURY: Watch lines on fasces, on coins classed very good some fasces lines show, a fine coin should have most all lines.

FOR BEGINNERS who are just starting to collect, here are a few suggestions and some advice. First, a coin guide book is a must. They can be purchased for $1.00 or more for helpful information: on car condition, value, amount minted, type how coins are made, and other news of help and interest. Most coins can be found in circulation. As you are making your set always try to improve the worn coins. Value of coins depends greatly on the condition. Never clean or polish coins unless you are experienced. If you must try, use a common date coin. There are handy cleaning kits available for this purpose. Coin insert folders and other supplies can be obtained at your dealer. You may also notice that the age of old coins do not make them rare. There are some late date coins minted that are worth more than some hundreds of years old. What makes one coin worth more than another are by these factors: Amount of coins minted, availability, collectors demand and any unusual die strikes. Coins can be obtained through purchases, by auctions or trading with collectors. Mint sets can be bought by writing the Treasury Dept., U. S. Office of Treasury, Washington 25, D. C., at face value, plus postage and handling. To obtain Proof Sets of current year send $2.10 money order to Supt. Phila. Mint 16th and Spring Garden Streets, Philadelphia, Pa. You may order as many sets as you wish. Commemorative half dollars are authorized periodically by Congress. These halves when issued are not sold by the mints. they are turned over to a Commission authorized by Congress at face value. The Commission then sells the halves at a premium.

READERS' EXCHANGE

I was shown a copy of your interesting September issue by my friend, Maurice Gould, of Boston. What interested me is the photograph of the Newton, Kansas, streetcar token. I always appreciate articles on transportation tokens.

You state that so far as you know there is no "guide catalogue of streetcar tokens." There have been many of them. The first one was compiled in 1920 by a Mr. Kenworthy. It was circulated among collectors who copied it. This work was carried on by R. W. Dunn in 1925, and Roland C. Atwood in 1932.

In 1952 I published this same catalogue, in an up-to-date and improved form. There were 250 copies printed, with over 350 pages. This catalogue, known as ATWOOD'S CHECK LIST" sold out rapidly and is now a collector's item. At the present time our association has been working on a modern and improved catalogue, which will consist of over 500 pages with plates, cloth bound. This will be published some time this Fall, and there ill be 1,000 copies printed. It omises to be an important con-.bution to numismatics.

On page 5 of your September issue someone writes in to ask about a "trime." Well, a trime is a silver 3-cent-piece.

A Token News-Letter Monthly

Editor's Note: Thank you Rev. Coffee. The "3 cent silver piece" is the smallest coin ever struck in U.S. 1851-1873. The name "trime" evidently is a nickname, to distinguish it from the 3¢ nickel piece.

Craft Food Co. of Chicago, is advertising one foreign coin in each bag of their caramels.

I now have four of these "foreign" coins and they seem to be stamped out of aluminum. Do you think they are the real thing?

—Cecil E. Lucas P. O. Box 91

Editor's note: Yes. Aluminum coins are commonly used in Europe.

The Jaycees put on a celebration here called pioneer days and issued a wooden nickel redeemable in cash and I bought a few hundred to help out the cause at 5¢ each.

If you care to pass on the word to your readers I will be glad to mail them out at that price and I will be sport enough to pay the postage as long as they last.

I want to advertise my town and help the Jaycees. —W. Betz

Dear Sir,

I have been requested by the members of our Society to thank you for your kind thought in sending up copies of your magazine for our library.

They are eagerly read at each meeting and last meeting when I tabled the two copies there was a queue up for them.

We have just reprinted a listing of the date series of Australian, New Zealand and New Guinea coins and I am forwarding a copy for your library under separate cover.

Wishing your magazine every success and assuring you of our attention at all times.

PANAMA PACIFIC EXPOSITION

Octagonal $50.00 Gold Coin

by Earl A. McBrayer

California has been the most active numismatic state in the Union during recent months so your writer decided to go to San Francisco and investigate the interest. Of course the fact that Uncle Sam had ordered me there for seventeen days of army summer training also had a little something to do with the trip!

Because there are so many collectors in Frisco one now has no more chance of picking up 1931-s cents, or any other rare 's' mint coins, than he has in any other part of the United States. Local collectors rather gleefully tell their visitors about this situation while they gloat over the small hoards they accumulated before so many people were aware of the scarcity of 's' mint coins.

One of the sights numismatists find interesting in San Francisco is the location of the former U.S. mint which was closed in 1955. Another is the very large Panama Pacific building which was built as a temporary structure for the exposition of 1915. This building is falling apart, literally, and is padlocked against entry because of the danger. People who suggest its removal, however, find collectors and historians of San Francisco protesting loudly as it is considered a colorful and sentimentally valuable landmark.

The only octagonal $50.00 gold coin issued by a U.S. mint was struck to commemorate this Panama Pacific Exposition. It is pictured here. In circulated condition it is extremely rare and is worth well over a thousand dollars. A commemorative gold $1.00 and a gold $2.50 were also struck at the exposition, as was a silver commemorative half dollar.

After enjoying the hospitality of San Francisco friends, and delivering one short talk on coins and THE FLYING EAGLET, your correspondent caught a plane for home at the conclusion of duty.

The consistently cool air of San Francisco was very attractive considering the temperature in Cincinnati was some twenty-five (and more) degrees higher, but home certainly looked good after three weeks and over five thousand miles of traveling.

Several years ago I read an article on U.S. banknotes of the present day. A few things are hazy in my mind, one is: What does the (star) preceding the serial number signify? I appreciate hearing from you in relation to this question.

—Dan Sitter, Calif.

Editor's note: The star is used to signify the original note was mutilated during the printing and replaced with a new one.

PACIFIC COAST NUMISMATIC SOCIETY

Present at our July 31 meeting were 34 members and 10 guests. All enjoyed a fine program which centered on the very interesting paper presented by DON T. THRALL, President of the East Bay Coin Club. Don's fine display covered the many phases in which coins and stamps are interrelated. Mr. WILLIAM WILSON also added some pertinent remarks. A big Thank You to all are exhibitors (there were 20 exhibits) for helping to make the meeting an interesting and informative one.

—o—

YOU CAN'T DO THAT TO THE LONG GREEN — Uncle Sam doesn't like people to whip up dollar bills on their own (Mabel Patterson take notice) even in the form of a six foot rug. The Secret Service emphasized the point when it made an Alexandria, Virginia, dry cleaner remove from his window a 3x6' Iranian rug that looked like an outdated dollar bill. They told Alex George to remove it or face unpleasantness for possession of a facsimile of U.S. Currency. "I don't see what harm it could do to the American dollar to have it on display," he said morosely, "Who could spend a rug?"

The "Flying Eaglet" Numismatic Magazine, IT IS!

To our Readers: Here is your editor's report from all the mail received throughout the country from our readers, dealers, clubs and personal interviews.

First, I would like to thank all for their many letters of comments and name listings. The many hundreds of cards and letters received favored the present name, the "Flying Eaglet" by 60%, the rest made no comment but listed one of the names listed on the cards. Our publication is for your interest and enjoyment; your editor is at the helm at your bidding. We will make changes and fill your wants, but, this will be done only through your letters of comments and majority. As for changing of our title, I felt it was up to our readers as this is the truest and practical poll.

As time passes by, we hope to make changes to further improve our "Eaglet" to a top notch magazine. Slowly and costly it may be, your continued comments and support will do it. Your help in the following manner will go a long way to achieve this. Every letter sent, while at your club meetings, with your coin friends or at the coin shop, mention the Flying Eaglet. Circulation and advertisements are a must, if we are to give our readers the best in respect of a well balanced numismatic magazine. We are doing our bit which benefits all connected to our hobby. It is up to you, our readers, dealers and all associated with the numismatic world to do your bit, with a subscription, an ad, or a comment.

I am happy to report our circulation has increased steadily, we are nearing 2,000 paid subscribers. With your continued help we hope to hit 3,000 before the year is up. Our average circulating copies is between 3000 to 4000 copies per month; the census tabulation would figure some 3 readers per copy. This would figure some 11,000 readers scant our pages monthly.

You readers, collectors and dealers, if you have any material for sale or trade priced reasonably, the "Flying Eaglet's" pages will get you results!

To give our readers an idea of the letters received in reference to the name title, here are two letters with their comments.

Gentlemen,

I favor this change in Title very much for the following reason. Next Year Marks 40 years of Safe & Sane Flying for me and it will Mark almost 47 Years for my Father who helped Pioneer Early Flying in the Mid Central States.

To get to the Point, I used to Fly a Local Light Plane Called the Eaglet and the Moment I picked up your Fine Booklet I expected to dig into some Aviation rather than Numismatic News.

Also, While I think of it, Please use my Room Number in the address after this. By the time Every one in the Bank Bldg. reads the Eaglet it is pretty well shot before I get it. Thanks.

KANSAS CITY 8, MO.
EARL C. REED

Dear Sir:

Wish to renew my subscription to your fine paper.

Enclosing a money order for $5.00 for 3 years of fine reading.

I would like to comment a bit on the title of your paper. I think you have a very nice name for your paper. What would be more appropriate than an Eagle when it comes to American money, whether coins or paper money - we have Eagles on most of our coins and currency, also, the Flying Eagle cent on the front page looks very nice.

Wishing you continued success.

WHAT IS IT?

This coin was sent in for identification, having inquired about it to many in the know, the answer is still ? Can anyone help us out?

The reverse is identical of the obverse, as shown in photo, the letters N and E are inserted together.

There is nothing else visible other than what you can see.

Your editors opinion is it might be a "gambling house token" what is your opinion?

Mr. Roberts gave a comprehensive talk on $2 notes of the U.S. He supplemented the talk with a display of all issues from 1862 thru the last of the large size bills.

According to Mr. Roberts the Government reports that there are about 39 million $2 notes in circulation at this time. More are in circulation in the New England area than any place else in the country. In Boston the notes are included in the pay of the police. The $2 note has been used to show merchants how much money is spent in certain locations by otherwise objectionable personnel of some government installations.

Then she turned around to her pupils and said to one: "Roland, how should I correct that?"

"Get a boyfriend."

SEEK AND YE SHALL FIND

George Long of 284 Powers St., Brooklyn reports finding a 1931-S in fine while checking 300 Lincoln cents. A 1931-S is worth about $8.00. George profited 800 to 1, pretty good odds.

There has been a number of scarce dates found of all types. It just goes to prove they are still around, scarce dates, mint errors, off metal. They are worth a premium.

IT'S NEW! IT'S THE BEST!!

Over twenty-five years ago, the late Wayte Raymond conceived the idea of a Standard Catalogue of U.S. Gold, Silver and Copper coins, giving the approximate retail value of each item. Seventeen editions of the Raymond catalogue appeared, the seventeenth in June 1954. Previous editions have been revised by Mrs. Raymond assisted by John J. Ford Jr. and Walter Breen. And now:
THE EIGHTEENTH EDITION of THE STANDARD CATALOGUE of U.S. COINS. A MUST for the collector and dealer alike. With it's many illustrations it is invaluable as a reference book.

IT'S NEW!
IT'S THE BEST!!

Over twenty-five years ago, the late Wayte Raymond conceived the idea of a Standard Catalogue of U.S. Gold, Silver and Copper coins, giving the approximate retail value of each item. Seventeen editions of the Raymond catalogue appeared, the seventeenth in June 1954. Previous editions have been revised by Mrs. Raymond assisted by John J. Ford Jr. and Walter Breen. And now:
THE EIGHTEENTH EDITION of THE STANDARD CATALOGUE of U.S. COINS. A MUST for the collector and dealer alike. With it's many illustrations it is invaluable as a reference book.

STANDARD CATALOGUE $6.00
